Unless otherwise approved in writing by the Architectural Control Committee, each main residence building shall face the front building line.

3.5 Composite Building Site. Subject to the approval of the Architectural Control Committee, any owner of one or more adjoining Lots or portions thereof may consolidate or redivide such Lots or portions into one or more building sites with the privilege of placing or constructing improvements on such resulting sites, in which case the front footage at the building setback lines shall be measured from the resulting side property lines rather than from the Lot lines as indicated on the recorded plats. No motor bikes, motorcycles, motor scooters, "Go-Carts", or other similar vehicles shall be permitted to be operated in the Properties, if, in the sole judgement of the Board of Directors of the Association, such operation, by reason of noise or fumes emitted, or by reason of manner of use, shall constitute a nuisance or jeopardize the safety of the owners, his tenants, and their families. The Board of Directors of the Association may adopt rules for the regulation of the admission and parking of vehicles within the common areas, including the assessment of charges to owners who violate, or whose invitees violate, such rules. If a complaint is received about a violation of any part of this section, the Architectural Control Committee will be the final authority on the matter. This restriction shall not apply to any vehicle, machinery, or maintenance equipment temporarily parked and in use for the construction, repair or maintenance of subdivision facilities or of a house or houses in the immediate vicinity.

3.10 Mineral Operations. No derrick or other structures designed for the use in boring for oil or natural gas or other minerals shall be erected, maintained or permitted upon any Lot, nor shall any tanks be permitted upon any Lot.

3.14 Lot Maintenance. The Owners or occupants of all Lots shall at all times keep all weeds and grass thereof cut in a sanitary, healthful and attractive manner and shall in no event use any Lot for storage of materials and equipment except for normal residential requirements or incident to construction of improvements thereon as herein permitted, which materials and equipment shall be stored so as not to be visible from any street. The drying of clothes in public view is prohibited. The owner or occupants of any Lot shall construct and maintain a fenced drying yard or other suitable enclosure to screen drying clothes from public view. Equipment for the storage or disposal of such waste materials used in the construction of improvements erected upon any Lot may be placed upon such Lot as the time construction is commenced and may be maintained thereon for a reasonable time, so long as the construction progresses without undue delay, until the completion of the improvements, after which these materials shall either be removed from the Lot or stored in a suitable enclosure on the Lot. In the event of default on the part of the Owner or occupant of any Lot in observing any of the above requirements, such default continuing after ten (10) days written notice thereof, Declarant or its assigns shall, without liability to the Owner or occupant in trespass or otherwise, enter upon said Lot and cause to be cut such weeds, and grass, and remove or cause to be removed such garbage, trash and rubbish, or do any other thing necessary to secure compliance with these restrictions so as to place said Lot in a neat, attractive, healthful, and sanitary condition, and may charge the owner or occupant of such Lot for the cost of the work. Further, Declarant or its assignee reserves the right to contract or arrange for regular garbage pick up service for the Lot Owners. The Owner or occupant, as the case may be, agrees by the purchase

In the event of the failure to pay such statement, the amount thereof may be added to the annual maintenance charge assessed against such Lot and become a charge thereon in the same manner as the regular annual maintenance charge provided for herein.

3.15 Signs, Advertisements, Billboards. No signs, billboards, posters, or advertising devices of any character shall be erected on any Lot except one sign of not more than five (5) square feet, advertising the property for sale or rent or signs used by a builder to advertise the property for sale during the construction and sales period. Declarant shall have the right to remove any non-conforming sign, advertisement or billboard or structure which is placed on a Lot and in so doing shall not be subject to any liability or damages for trespass, tort or otherwise in connection therewith arising from such removal. The right is reserved for builders provided consent is obtained from the Declarant or its assignee, which cannot be unreasonably withheld, to construct and maintain signs, billboards, or advertising devices for the purpose of advertising for sale dwellings constructed by the builders and not previously sold by such builder.

3.16 Location and Placement of Antennas. No electronic or mechanical antenna or similar device of any type other than one antenna for receiving normal television signals through airwaves or one antenna for receiving normal satellite signals through airwaves, shall be erected, constructed, placed or permitted to remain on any lot, house, garage or building unless the requirements hereinafter set forth in this Section are strictly complied with. A television antenna for receiving signals through airwaves may be attached to the main residential house, only; provided, however, that said television antenna shall only be attached to the rear of the main residential dwelling, and shall not extend above the roof ridge line of the main residential structure closest to said antenna. 1. No satellite dish shall exceed 10 feet in diameter nor shall any satellite dish, including its base or anchoring structure, exceed 12 feet in height measuring from the grade level of the lot.
2. Said satellite dish shall be one solid color only, either white or black or shades of either brown, grey or tan.
3. Said satellite dish shall not be visible from the street or right-of-way fronting any lot.
4. No satellite dish shall ever be constructed or placed or permitted to remain on any utility easement or other easement or right-of-way located on any lot or common property.
5. Said satellite dish must be securely mounted to a base, so as to be able to withstand the effects of high winds or other extraordinary weather conditions.

6. No advertising slogans, logos, banners, signs or any other printing or illustrations whatsoever shall ever be permitted upon or be attached to any satellite dish.

7. No satellite dish shall ever be used for the transmission of any signal whatsoever, and said satellite dish shall be for the purpose of receiving only normal satellite signals through airwaves for television viewing purposes only. No satellite dish shall be permitted to cause any distortion or interference whatsoever with respect to any other electronic device in the subdivision.

8. No satellite dish shall be placed, erected or permitted to remain on any lot in the subdivision without the prior written approval of the subdivision Architectural Control Committee, and, further, unless and until it is demonstrated that the placement of such satellite dish will strictly comply with the requirements of this Section. The procedures for obtaining Architectural Control Committee approval shall be the same as those set forth in Article IV of the Declaration of the respective Covenants, Conditions and Restrictions covering CONCORD BRIDGE, SECTIONS ONE (1), TWO (2), THREE (3), FOUR (4), FIVE (5) and SEVEN (7).

9. In all cases, each lot may contain either a permitted television antenna or a permitted satellite dish, but not both.

3.17 Noise. Except in an emergency or when unusual circumstances exist (as determined by the Association), outside construction work or noisy interior construction work shall be permitted only after 7:00 a.m. and before 9:00 p.m.

3.18 Underground Electric Service. An underground electric distribution system will be installed in the subdivision, designated herein as Underground Residential Subdivision, which underground service area embraces all the Lots which are platted in the subdivision at the execution of the agreement between Houston Lighting and Power Company and Declarant. The owner of each Lot containing a single dwelling unit shall, at his own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of electric company's metering at the structure to the point of attachment to be made available by the electric company at a point designated by electric company at the property line of each Lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. Declarant has, either by designation on the plat of the subdivision or by separate instrument, granted necessary easements to the electric company providing for the installation, maintenance, and operation of its electric distribution system and has also granted to the various Homeowners reciprocal easements providing for the access to the area occupied by and centered on the service wires of the various Homeowners to permit installation, repair and maintenance of each Homeowner's owned and installed service wires. In addition, the owner of each Lot containing a single dwelling unit shall, at his own cost, furnish, install, own, and maintain a meter loop (in accordance with the then current Standards and Specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for each dwelling unit involved. For so long as underground service is maintained in the Underground Residential Subdivision, the electric service to each dwelling unit therein shall

be underground, uniform in character, and exclusively of the type known as single phase, 240/120 volt, three wire, 60 cycle, alternating current.

3.19 Deviations in Restrictions. The Declarant, at its sole discretion, is hereby permitted to approve deviations in the restrictions set forth herein in instances where, in its sole judgment, such deviation will result in a more common beneficial use. Such approvals must be granted in writing.

3.20 No Liability. Declarant or the Association, as well as their agents, employees and architects, shall not be liable to any Homeowner or any other party for any loss, claim or demand asserted on account of their administration of these restrictions and the performance of their duties hereunder, or any failure or defect in such administration and performance. These restrictions can be altered or amended only as provided herein and no person is authorized to grant exceptions or make representations contrary to these restrictions. No approval of plans and specifications and no publication of minimum construction standards shall ever be construed as representing or implying that such plans, specifications or standards will, if followed, result in a properly designed residence. Such approvals and standards shall in no event be construed as representing or guaranteeing that any residence will be built in a good, workmanlike manner. The acceptance of a deed to a residential Lot in the subdivision shall be deemed a covenant and agreement on the part of the grantee, and the grantee's heirs, successors and assigns, that Declarant or the Association, as well as their agents, employees and architects, shall have no liability under these restrictions except for willful misdeeds.

3.21 Interpretation. If this Declaration or any word, clause, sentence, paragraph or other part thereof shall be susceptible of one or more conflicting interpretations, the interpretation which is most nearly in accord with the general purposes and objectives of this Declaration shall govern.

#### ARTICLE IV ARCHITECTURAL CONTROL COMMITTEE

At such time as a residential dwelling and related improvements have been so built and constructed, or at such earlier time as Fairbanks Associates may elect, the duties and responsibilities of the Architectural Control Committee shall be fulfilled and its powers exercised by the Board of Directors of the Association as long as the Association is collecting and administering the Maintenance Charge for the subdivision. At the time Fairbanks Associates ceases to serve as the Architectural Control Committee (at the completion of the conditions set forth above or at such earlier time as it may elect), it shall assign such rights and power of the Architectural Control Committee, such assignment to be evidenced by an instrument in writing, executed and acknowledged by the proper officers of Fairbanks Associates and filed of record in the appropriate records of the County Clerk of Harris County, Texas.

4.3 Minimum construction standards. The Architectural Control Committee may from time to time promulgate an outline of minimum acceptable construction standards; provided, however, that such outline will serve as a minimum guideline and such Architectural Control Committee shall not be bound thereby.

ARTICLE V

5.2 The Association shall have two Classes of voting membership:

Class A. Class A members shall be all Owners with the exception of the Declarant and shall be entitled to one (1) vote for each Lot owned. (a) When the total votes outstanding in Class A membership equal the total votes outstanding in Class B membership:

or

(c) The right of the Association to dedicate or transfer all or any part of the Common Area, if any, to any public agency, authority or utility for such purposes and subject to such conditions as may be agreed to by the members. No such dedication or transfer shall be effective unless an instrument signed by two-thirds (2/3) of each class of the members agreeing to such dedication or transfer has been recorded.

(d) The right of the Association to collect and disburse those funds as set forth in Paragraph 7.1.

6.2 Delegation of Use. Any owner may delegate in accordance with the by-laws the owner's right of enjoyment to the Common Area and facilities, if any, to the members of the owner's family, tenants or contract purchasers who reside on the property.

7.1 Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the subdivision hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interests, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property (which lien shall be deemed granted by each owner upon acceptance of the deed to the lot) against which each such assessment is made. Each such assessment, together with interests, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successor in title unless expressly assumed by them.

7.2 Purpose of assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Properties and for the improvement and maintenance of any Common Areas. It is understood that the judgment of the Association in the expenditure of said funds shall be final and conclusive so long as such judgment is exercised in good faith.

7.3 Rate of Assessment. All Lots in CONCORD BRIDGE, (Sections Two and Three) shall commence to bear their applicable maintenance fund assessment simultaneously, and Lots owned by Declarant are not exempt from assessment. The annual assessments provided for herein shall commence at such time as the Directors of the Association determine that the Lots are completed and ready to build on (that is, when the Lots have been substantially finished, graded and substantially all utilities (water, sanitary sewer, storm sewer, gas, and electricity) have been installed). Lots are occupied by residents shall be subject to the annual assessment determined by the Board of Directors (according to Paragraph 7.4). Lots which are not occupied by a resident and which are owned by a Declarant, a builder, or a building company shall be assessed at the rate of one-half (1/2) of the annual assessment above. The rate of assessment for any individual Lot, within a calendar year, can change as the character of ownership and the

status of occupancy by a resident changes. The applicable assessment for such a Lot shall be prorated according to the rate required of each type ownership.

7.4 Maximum annual assessment. Until January 1, 1984, the maximum annual assessment shall be \$132.00.

(a) From and after January 1, 1984, the maximum annual assessment may be increased each year not more than 10% above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1, 1984, the maximum annual assessment may be increased above 10% by a vote of two-thirds (2/3) of each class of members who are voting in person or by proxy, at a meeting duly called for this purpose.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum, and shall fix the amount of the annual assessment' against each Lot at least thirty (30) days in advance of the annual assessment period, which shall begin on the first day of January of each year. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors.

7.5 Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Board of Directors may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

7.6 Notice and Quorum for any Action Authorized under Paragraphs 7.4 and 7.5. Written notice of any meeting called for the purpose of taking any action authorized under Paragraphs 7.4 or 7.5 shall be sent to all members not less than 30 days nor more than 60 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

7.7 Effect of Nonpayment of Assessments. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of ten (10) percent per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessments provided herein by non-use of the maintenance area or abandonment of his Lot.

7.8 Subordination of the Lien to Mortgages. To secure the payment of the maintenance fund established hereby and to be levied on individual residential Lots, there is hereby reserved in each Deed (whether specifically stated therein or not) by which the Declarant shall convey such Lots, a Vendor's Lien for benefit of the Association, said lien to be enforceable through appropriate proceedings at law by such beneficiary; provided, however, that each such lien shall be secondary, subordinate and inferior to all liens present and future given, granted and created by or at the instance and request of the Owner of any such Lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the construction of improvements on any such Lot to the extent of any such maintenance fund charge accrued and unpaid prior to foreclosure of any such purchase money lien or construction lien; and further provided that as a condition precedent to any proceeding to enforce such lien upon any Lot upon which there is an outstanding valid and subsisting first mortgage lien, for the aforesaid purpose or purposes, the Association shall give the holder of such first mortgage lien sixty (60) days written notice of such proposed action, which notice shall be sent to the nearest office of such first mortgage holder by prepaid U.S. registered mail, and shall contain a statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage lienholder, the Association shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular Lot covered by such first mortgage lien to the holder thereof. No sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessment as to payments which became due prior to such sale or transfer.

7.9 Future Sections. The Association shall use the proceeds of the maintenance fund for the use and benefit of all residents of CONCORD BRIDGE, (Sections One, Two and Three) Subdivision, as well as all subsequent sections of CONCORD BRIDGE Subdivision; provided, however, that each future section of CONCORD BRIDGE Subdivision, to be entitled to the benefit of this maintenance fund, must be impressed with and subjected to the annual maintenance charge and assessment on a uniform, per Lot, basis equivalent to the maintenance charge and assessment imposed hereby, and further made subject to the jurisdiction of the Association. Upon submission and approval by the Federal Housing Administration and/or the Veterans Administration of a general plan of the entire development, and approval of each stage of development, such future sections of CONCORD BRIDGE Subdivision may be annexed, without the consent of the members.

ARTICLE VIII  
GENERAL PROVISIONS

8.1 Term. These covenants shall run with the land and shall be binding upon all parties and all persons claiming under them for a period of forty (40) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years each, unless an instrument signed by a majority of the then owners of the Lots has been recorded agreeing to change or terminate said covenants in whole or in part. The terms and provisions of these Restrictions may be amended at any time when an instrument setting forth said changes and signed by those persons holding a majority of votes in the Association is placed on record in the real property records of Harris County, Texas.

8.2 Enforcement. The Association or any owner or the Declarant, its successors and assigns, shall have the right to enforce by any proceeding at law or in equity all easements, restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of these deed restrictions, and in connection therewith shall be entitled to recover from the defendant therein all reasonable attorney's fees. Failure by the Association or by any owner to enforce any covenant or restrictions herein shall in no event be deemed a waiver of the right to do so thereafter. It is hereby stipulated that the failure or refusal of any owner or other occupant to comply with the terms and provisions hereof would result in irreparable harm to Declarant and to the Association. Thus, the breach of any of these provisions may not only give rise to an action for damages at law but also may be enforced with injunctive relief (i.e., restraining orders and/or injunctions) in any court of competent jurisdiction, upon the proof of the existence of a violation or attempted or threatened violation, but without the necessity of proof of inadequacy of legal remedies or irreparable harm.

8.3 Severability. Invalidation of any one of these covenants by judgment or other court order shall in no ways affect any of the other provisions which shall remain in full force and effect.

8.4 FHA/VA approval. So long as the Declarant, its successors and, assigns, are in control of the CONCORD BRIDGE HOMEOWNERS' ASSOCIATION, the following actions will require the prior approval of the Federal Housing Administration and/or the Veterans Administration: Annexation of additional properties; dedication of Common area, and amendment of this Declaration of Covenants, Conditions, and Restrictions.

8.5 Joinder by Lienholder. The undersigned lienholder joins in the execution of this Declaration for the purpose of evidencing its consent and agreement to the placing of the above restrictions on the property described herein.

**CERTIFICATION**
